

# I-95 Among State Highways Restricted Next Week for Resurfacing in Philadelphia Region

06/03/2022

**King of Prussia, PA** – Interstate 95 is among several state highways restricted in Philadelphia, Chester, Delaware, and Montgomery counties for resurfacing operations as part of several projects to repair and resurface more than 200 miles of state highway across the Philadelphia region, the Pennsylvania Department of Transportation (PennDOT) announced today.

The work schedules and locations are:

## Philadelphia

- Monday, June 6, through Friday, June 10, from 8:00 PM to 5:00 AM the following morning, alternating lane closures are scheduled in both directions on I-95 between the Cottman Avenue and the Route 63 (Woodhaven Road) interchanges for milling and paving operations.
- Tuesday, June 7, through Friday, June 10, from 7:00 PM to 6:00 AM, lane closures are scheduled on Chestnut Street between Cobbs Creek Parkway and 34th Street for milling operations; and
- Wednesday, June 8, through Friday, June 10, from 7:00 AM to 4:00 PM, periodic lane closures are scheduled on Chestnut Street between Cobbs Creek Parkway and 34th Street for prepping operations.

## Chester County

- Sunday, June 5, through Tuesday, June 7, from 7:00 PM to 5:00 AM the following morning, a lane closure is scheduled on Pothouse Road between Route 113 (Kimberton Road) and Route 29 (State Road) in Schuylkill and East Pikeland townships for milling and paving operations; and
- Sunday, June 5, through Friday, June 10, from 6:00 PM to 6:00 AM the following morning, a lane closure is scheduled on Burnt Mill Road between Old Kennett Road and the Delaware State line in Pennsbury and Kennett townships for milling and paving operations;
- Sunday, June 5, through Friday, June 10, from 7:00 PM to 5:00 AM the following morning, a lane closure is scheduled on Route 724 (Schuylkill Road) between Whartnaby Street and Park Road/Hill Church Road) in North Coventry, East Vincent, and East Coventry townships for milling and paving operations; and
- Monday, June 6, through Thursday, June 9, from 7:00 AM to 5:00 PM, a lane closure is scheduled on Oxford Road between Route 472 (Market Street/Hickory Run Road) and Oxford Road over the East Branch of Big Elk Creek in New London and East Nottingham townships for paving operations.

## Delaware County

- Monday, June 6, through Friday, June 10, from 8:00 PM to 5:00 AM the following morning, a lane closure is scheduled on Route 352 (Middletown Road) between Barren Road and Route 926 (Street Road) in Thornbury, Edgmont and Middletown townships for paving operations;
- Tuesday, June 7, and Wednesday, June 8, from 8:00 AM to 4:00 PM, a lane closure is scheduled on Mill Road between Earlington Road and Karakung Drive in Haverford Township for milling and base repair operations; and
- Thursday, June 9, and Friday, June 10, from 8:00 AM to 4:00 PM, a lane closure is scheduled on Cheyney Road between Concord Road and U.S. 1 (Baltimore Pike) in Concord Township for milling and base repair operations.

### **Montgomery County**

- Sunday, June 5, through Thursday, June 9, from 6:00 PM to 6:00 AM the following morning, a lane closure is scheduled on North Lane/Chemical Road between Hector Street and Germantown Pike in Whitemarsh and Plymouth townships for paving operations;
- Sunday, June 5, through Thursday, June 9, from 8:00 PM to 5:00 AM the following morning, a lane closure is scheduled on Germantown Pike between Butler Pike and Sandy Hill Road in Plymouth Township for paving operations; and
- Monday, June 6, through Friday, June 10, from 9:00 AM to 3:00 PM, a lane closure is scheduled on Germantown Pike between Butler Pike and Sandy Hill Road in Plymouth Township for utility adjustments.

Motorists are advised to allow extra time when traveling through the work areas because slowdowns will occur. All scheduled activities are weather dependent.

Under these improvement projects, PennDOT is milling the existing roadway surface and repaving the state highways with new asphalt. The new pavement will seal the roadways and provide motorists with a smoother riding surface.

Motorists can check conditions on major roadways by visiting [www.511PA.com](http://www.511PA.com) or downloading the 511PA mobile application. 511PA, which is free and available 24 hours a day, provides traffic delay warnings, weather forecasts, traffic speed information and access to more than 1,000 traffic cameras.
